

THE ULTRAWELD® *Garden Window*
PREMIUM VINYL REPLACEMENT WINDOWS

Vinyl

White Tan*

Multi-Point Locking System

Adjustable 3/8" Glass Shelf

Turn your kitchen window into a mini-greenhouse with a Polaris garden window. Our three dimensional vinyl window brings the sunshine in and makes a beautiful setting for herb gardens and plants.

Your new vinyl window will retain its pristine appearance and weather tight barrier for a lifetime. We stand behind our products with a Transferable Lifetime Limited Warranty.

Fully welded vinyl frame

Aluminum and steel reinforcements

Tempered double strength top glass

EnergySMART® insulating glass units
Ask about glass upgrades with greater thermal efficiency, UV shield and self cleaning glass.

Sizes: Exterior wall projection always 17"
Minimum W 24", H 32" Maximum W 72", H 60"

Standard

energySMART® glass with Intercept® spacer system
Two panes of glass sealed onto a treated spacer reduce temperature transfer and condensation.

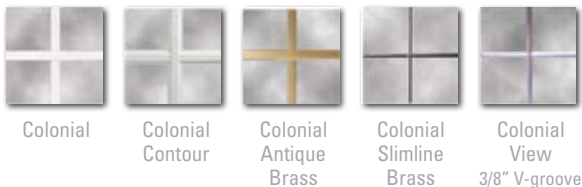

energySMART Supreme® argon gas fill, low e coating
increased resistance to temperature transfer
low-e reduces ultraviolet light transmission

energySMART Ultimate® three glass panes, argon, low e
greater resistance to temperature transfer
reduces ultraviolet light transmission

energySMART Ultimate Plus®
three glass panes, krypton gas fill, low e
greatest resistance to temperature transfer
reduces ultraviolet light transmission

SolarBan 70XL® argon / low e
increased resistance to temperature transfer
reduces ultraviolet light transmission
